Gerardo Carrion has been my host in Mexico for the past twenty years. When I go to Mexico, he arranges my schedule and I go where he tells me. I have stayed in his home lots of times. He and I have traveled together many miles by bus and by car. We usually take turns driving, though I prefer for him to drive in Mexico City. On one trip, it seemed we would be late for an appointment and he was driving too slow to get us there on time. I told him to take a nap and let me drive. To this day, he claims he couldn't sleep and just had his eyes clamped shut in fear as I sped around the curves and hills of that mountaineous area. I still think he was asleep!

Gerardo is a dear friend, a passionate preacher, and a powerful soul winner and disciple maker. When he translates for me, we preach as one. His family is my family in Mexico. His church is my church in Mexico. He is a tremendous blessing to me and I just want you and him to know it!

Eating out with the Carrions

Last month I was in Mexico for a Pastors and Leaders Conference in San Luis Potosi. I did not speak at this conference. I just went to enjoy the speakers and the fellowship. It was encouraging to hear the reports from the Mexican missionaries that are being sent and supported by these churches. I was also pleased to hear the sound biblical teaching on local church and five point calvinism. The worship times included wonderful music by the worship team from Saltillo and powerful preaching by some of the pastors. I was blessed! Not only did my Spanish improve, but I also deepened my relationship with the pastors and leaders present.

While in Mexico, I was also blessed to speak at El Sol de Justicia and Berea in Aguascalientes, as well as La Quebrada and Betesda in Mexico City. It was a jam-packed ten days!

## Madison, Mississippi

Back in the USA, I was able to preach a Faith Promise Missions Conference and Sending Church Seminar for **Victory Baptist Church** in Madison, Mississippi. This is the sending church for Rusty & Susan Teer in Thailand. We had a great conference and the members treated Brenda and me with love and kindness. Thank you **Pastor Roger Taylor** for the invitation!
