My Brother in Mexico

Gerardo Carrion

For many years now, my family in Mexico has been

the family of Gerardo Carrion. Any time I go to Mexico, he is the one who arranges my schedule and my appointments with the Mexican churches. If you know Gerardo, you will understand why my schedule there is always so hectic! It was my pleasure to travel by car from Mexico City to Aguascalientes and back with Gerardo and his two sisters, Pita and Carmen. We spent many hours together and I enjoyed every minute. They are special people and I thank God for them and for our special relationship!

A Month in MEXICO

My time in Mexico began with the Pastors Conference in Zacatecas (see the picture in my November report) and covered a significant part of the rest of the country! I was in Mexico for 26 days, brought 25 messages and 4 English lessons in 10 different churches. I slept in 9 different beds and 2 overnight busses, and traveled by plane, train, bus, metro and automobile! I did not spend a single night in a hotel or motel but instead enjoyed the warm hospitality of Mexican families! These families shared their homes with me and fed me delicious food. They put up with my poor but improving Spanish through many hours of conversation. I cannot thank them enough!

The churches I visited were equally generous. They totally covered all of my expenses in Mexico including air fare and bus fare. I have wondered when they would get tired of me. Instead, our two-month stay in 2017 is already almost fully booked! Gerardo Carrion is, again, taking care of the details. We are looking forward to it!
