Missionary, and
Seminary
President

Speakers for the Next Generation

Kolt Mackrill
New
Missionary to
Romania

Adam Taylor
New
Missionary to
Thailand

**Joshua
Edwards**
New
Missionary to
Australia

Planes, Trains, Automobiles, Trams, Taxis & Metros!

That play on an old movie title pretty much describes our month long trip to Europe. It was hectic!

Spain

Polo Morales and his wife Nancy are Mexican missionaries sent and supported by Mexican churches to work in Cerdanyola, Spain. It was a great blessing to visit them again and see the progress in their work. We attended a wedding in Southern Spain that Polo officiated and spent considerable time with them on the train there and back. I also got to preach in Spanish in their services in Cerdanyola.

France

Jason and Angie Clark are about to take their first long furlough after spending eight years in France. We spent some quality time with them on the way to Normandy and back. For us, it was a blessing to see the sites of the D-day invasion. For the Clarks, it was a debriefing about their time on the field and orientation for reentry into the United States. It was exciting for me to preach, with Jason translating, in their Sunday morning service.

Bulgaria

Jim & Sherri Black asked us to come look over their work in Bulgaria and give advice for the future. They not only shared their work in Bulgaria but also took us to see the refugee camps in Greece where they have served. On the way back from Greece, I spoke in their services in Sandanski. The Blacks have a great work going and there are many open doors!

Russia

The last stop on our trip was Saint Petersburg, Russia, where we visited with Kevin & Tammy Plaster, Jodie & Gabby Vesely, and Holly Couch. Our fellowship is fortunate to have these gifted missionaries serving in Russia. We were hosted in Saint Petersburg by International Academy, the international Christian school where Tammy is Head of School. I serve on the US board for the school and attended special board meetings in Saint Petersburg. We also got to attend the IA graduation. The seniors who received their diplomas were all students Brenda and I have taught at various times over the past five years. I was privileged to lead the final Teacher Inservice for the year. It was a moving time of debriefing for the end of the year and preparation for the future. IA is a very unique ministry with a powerful impact for Christ.

Thank you for your prayers for us! This was a hard, busy month and we are glad to be home to recover and get ready to go again.
