The 2016 World Missions Seminar was not our largest seminar but it may have been the best yet! We not only had a great seminar, we had a revival! Attendance was really good too. In fact, we had a record number of children. Kudos to our child care volunteers from Faith! They made the seminar a special time for the kids. One parent said;

*"It has been especially beneficial for our children to be able to come this year. After moving recently, it was encouraging for them to interact with other kids in the same situation."*

The feedback from the missionaries was extremely positive as well.

*"Excellent week! Thank you so much for all of your time, love, encouragement, and care. We appreciate, more than you know, the individual attention and advice you give each of us."*

*"Really enjoyed the interpersonal relationships that developed by attending the seminar."*

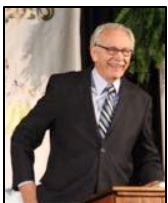

*"I always love my time at the World Missions Seminar. I leave overfilled with info (which is a great thing), and a little more prepared for the tasks ahead of me. I appreciate all the planning, preparation, and work it takes to put this on. Thank you for pouring into us."*

*"All the folks at Faith NLR and the other host churches have been so hospitable and have made me feel very welcome! Thank you to everyone, especially those behind the scenes - folks like Ms. Mattie! [Amen to that!]"*

There's not enough room here to thank all those who had a part in this. Our volunteers from Faith were awesome! And we could not do the seminar without our cohosting churches! The various speakers did a great job! Luke and his praise team were fantastic! The preaching this year was . . . well, like I said, we had a revival! Thank you God!

Note the date: Brenda and I leave tomorrow for Spain, France, Bulgaria, and Russia. Please pray for a safe journey and a successful ministry to missionaries. Thank you for partnering with us!
